

3 main steps in Admission Process that require personal attendance, and ideally physical presence in Singapore, especially if amendments to documents have to be made or supplementary affidavits filed

* Before issuing its Certificate, SILE must be satisfied that the applicant has complied with all applicable requirements. This entails a substantial amount of work as SILE has to check the applicant's Certificate of Diligence and Practice Training Checklist for omissions, irregularities and errors.

Applicants should remain contactable and available to rectify any omission, irregularity or error discovered in their Certificate of Diligence or Checklist. Applicants who travel or who do not attend to SILE's queries on their Certificate of Diligence or Checklist may have their call delayed if the filing of their affidavits are delayed. To avoid such a circumstance, applicants should leave the country only after they have received their Certificates from SILE and filed their affidavits". SILE will endeavour to issue its certificate within 2 working days after all papers are in order or all omissions, irregularities and errors are rectified.
